Summary

I am a Fullstack Developer with a passion for learning and improving my skills with new and existing frameworks, languages, and technologies. I am seeking an entry-level position with a business that can encourage and promote my continued growth as a developer.

Skills

I have proven and demonstrated skill in a multitude of web development languages and frameworks, including **HTML5, CSS, JavaScript, Node.js, Expressjs, JQuery, and Python**. I have worked extensively with **git version control**. I am familiar with and have taken part in **Agile Development** Methodologies, and have observed **Scrum** Ceremonies such as sprint planning, user story crafting, daily stand-ups, and sprint retrospectives.

- Front-End
    - HTML5, CSS, JavaScript, React, Redux, JQuery.
- Full-Stack
    - Node.js, ExpressJs, PostgreSQL, Python, Django.
- Other Skills
    - GitHub, Microsoft Office Suite, Visual Studio Code, UNIX/Linux Operating Systems.

Experience

DigitalCrafts

Developer-in-Residence | January 2020 - Present

Provided instruction, direction, and help to student developers. Assisted Developer instructor by maintaining student records, technical assistance, and student engagement.

Engenuity Inc.

Developer Intern | December 2019 - January 2020

Developed and deployed a React Web App, with a Node.js Backend. Worked in a team with daily scrum meetings, stand-ups, and scrum sprints.

- Technologies: React, Redux, Node.js, ExpressJs, Sequelize ORM, and JSON Web Tokens.

DigitalCrafts

Full-stack Web Developer | August 2019 - December 2019

DigitalCrafts is a 16-week intensive, full-time learning program.

- Learned, developed, deployed, and maintained web applications and services using a variety of full-stack technologies, including HTML/CSS, JavaScript, Node.js, React, Redux PostgreSQL, ExpressJs, and Python.

Wal-mart

Cashier | July 2014- August 2016

Tendered transactions, bagged, provided excellent customer experience.
